**Most Important Election
of Our Lifetime**

VOTE FOR THE FUTURE OF AMERICA

This is the most important election – not only of our lifetimes, but in all of U.S. history. Your family's future is on the ballot. What kind of country will your kids and grandkids inherit?

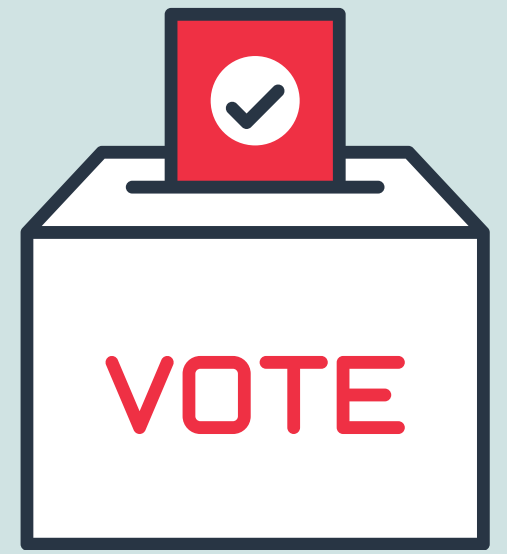

We can build back better from the disaster of the past four years. **But another four years of Trump will irreparably change and destroy the character and course of this country.** When Trump has absolute power – when his corrupt Party controls all three branches of government – then we will find out the truth: we do not fit into Trump's vision of America first.

Those who do not learn from history are doomed to repeat it. Be smart. Be engaged. Be proactive. We must still the voices of bigotry, hate and xenophobia now or suffer the consequences soon after. **Do not make future generations pay the price for a bad decision. Vote like your life depends on it. Because it does.**

This time, failure is simply not an option.

WE ARE THE DIFFERENCE

More than **500,000** South Asian voters live in battleground states.

There are more than **125,000** South Asian voters in **Michigan**. In 2016, Trump won Michigan by **10,704** votes. We have 10 times the number of votes needed to swing the election!

Pennsylvania has more than **156,000** South Asians voters; Trump won the state by **44,000** votes, a quarter of the number of South Asian votes.

235,000 South Asian Voters in **Texas** with close Presidential, Senate and House races.

THIS IS US

When We Met Joe - The Promise

From the Vice-Presidency and the Senate, to the local school board and water agency, **South Asians are stepping up to serve** in public office. It's our time to unify and join in support.

In these days, we are as close to family and community around the world as we are to our neighbor down the street.

VOTE to Build Community - not walls and barriers. It's our time to stand up for truth, decency, non-violence, equality and dignity and justice for all.
